HOMEWORK ASSIGNMENT #1

Due: 11-05-07 (4M and 4A)

You are opening up a new sub shop in town that makes all kinds of sandwiches. You have just hired a couple of employees to help you make the subs. To assist the new employees, you decided to write the down the complete instructions on how to make one of your top seller sandwich. When writing down the recipe, the following guidelines must be included in your instructions.

1. Name of the sandwich
2. List all ingredients and tools required (e.g.: bread, turkey, cheese, mustard, knife, cutting board, meat slicer, plate etc.)
3. Instructions must be detailed. For example, you need to write down what ingredient and tool to use at each step and where to get each item (e.g.: go into the bread counter and take out the loaf of bread, open the bag of sub rolls and take out X number of rolls, place the rolls individually on the counter, etc.)
4. Instructions must start from making the sandwich from scratch.
5. Your instructions must contain at least 10 steps.

NOTE: The homework assignment is handwritten. We will be typing the assignment on the computer in class as part of a computer project.
